

Tupper Lake Central School District provides Academic Intervention Service (AIS) to students using a holistic evaluative approach. Specific measures will be evaluated and weighed to provide the most appropriate interventions specific to each student's individual needs.

Students at LP Quinn Elementary School will be evaluated for ELA AIS based on the following measures:

1. New York State Test scores when grade level appropriate
2. Fountas and Pinnell Benchmark Assessments administered three times per academic year
3. Dynamic Indicators of Basic Early Literacy Skills (DIBELS) administered three times per academic year
4. Ongoing teacher anecdotal evidence

Math AIS evaluation will be completed by using the following measures:

1. New York State Test scores when grade level appropriate
2. 'Math Perspective Assessment (Kindergarten through grade 1) administered three times per academic year
3. Scholastic Math Inventory (grade 2-6) administered three times per academic year
4. Ongoing teacher anecdotal evidence

The Tupper Lake Middle/High School Student Support Team (SST) will identify students in grades 7-8 to receive AIS via the following measures:

1. Student Scores on Grade 6-7-8 New York State Assessments in ELA and Math
2. Previous year's performance in math, science, social studies and ELA
3. Student current and previous SRI scores
4. Monitoring of formative and summative assessment scores in the current year in math, science, social studies, and ELA
5. Anecdotal record of student performance from current teachers
